

SADHANA

FRONT-END DEVELOPER

NEW DELHI, IN | 7248128612 | skametia@gmail.com

Objective

Front-End Developer with 2 years of experience, proficient in HTML, CSS, JavaScript, and React.js. Skilled in using modern frameworks like Tailwind CSS, Bootstrap, and Next.js for building dynamic, responsive designs. Strong background in integrating RESTful APIs, troubleshooting, and optimizing web applications for performance. Seeking a challenging role to implement and enhance skills in UI/UX design and front-end development.

Experience

Qurilo IT Solution | Front End Developer

2023 - 2024

- Deep knowledge of front-end technologies such as HTML, CSS, and JavaScript.
- Experience with frameworks e.g., Tailwind CSS, React.js, Bootstrap, jQuery, Material-UI.
- Utilized version control system (Git) to manage codebase efficiently.
- Strong problem-solving and debugging skills.
- Responsive design principles and techniques.

Greps AI | Full Stack Developer

2024 - Present

- Skilled in developing responsive web applications using React and Next.js, along with experience in building cross-platform mobile apps with React Native.
- Efficiently debugged complex front-end issues, reducing average bug resolution time by 50%.
- Worked closely with back-end developers to integrate APIs and troubleshoot issues, ensuring end-to-end delivery of features.

Education

JS University, Shikohabad

2021 - 2024

Major: Computer Science and Engineering

Livewire India | Certification

2023

Major: Master Program in Full Stack Development

Projects

Ultimate Muscle Pro (<https://ultimatemusclepro.netlify.app/>)

- Assisted in the development and maintenance of front-end web applications, resulting in a positive impact on the company's overall performance.

- Working as a web developer on the "Ultimate Muscle Pro" (UMP) project was an enriching experience where I leveraged a variety of technologies to create a dynamic and responsive website. Utilizing React, Tailwind CSS, Bootstrap, and JavaScript for the frontend ensured an intuitive and visually appealing user interface.
 - Worked with cross-functional teams to develop and execute on-time and on-budget projects and initiatives by effectively communicating project timelines, progress, and objectives using tools such as Slack and Zoom.
 - Incorporated Redux for streamlined state management.
 - Utilized React Hooks such as useState and useEffect for efficient component-level state management and side effects.
-

Trendy Hub (<https://funny-gingersnap-c203e2.netlify.app/>)

Developed "Trendy Hub," a personal clothing e-commerce website, utilizing React, Tailwind CSS, and custom CSS and JavaScript to create a dynamic and visually appealing platform for users to explore and shop for clothing items.

- Strengthened skills in frontend development, particularly in React and Tailwind CSS, through practical application in building Trendy Hub.
- Expanded knowledge of JavaScript for implementing custom features and interactions tailored to the e-commerce platform.
- Developed problem-solving abilities by troubleshooting and resolving technical challenges encountered during website development.
