Education

Graphic Era University Masters In Computer Application (8.75 CGPA)	Sept 2022 - July 2024
Shri Guru Ram Rai University Bachelors Of Science - Information Technology (8.65 CGPA)	April 2019 - July 2022

Skills

- Frontend Development:** HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React
- Backend & APIs:** Node, Express, REST API Development, Strapi CMS
- Cross-Platform Development:** Electron JS, Discord JS
- Databases:** MongoDB, MySQL, PostgreSQL (via Supabase)
- Programming Languages:** JavaScript (ES6+), Python, C/C++, Java, Data Structures & Algorithms
- Tools & DevOps:** Git, GitHub, GitLab, Postman, Netlify, Vercel, Copilot, Cursor AI, ChatGPT

Professional Experience

Junior Full Stack Developer <i>Koders</i>	August 2024 - Present Dehradun, Uttarakhand
<ul style="list-style-type: none">Full-Stack & Cross-Platform Development: Built scalable web applications and desktop solutions using MERN, Strapi, Tailwind CSS, and Electron JS, delivering responsive UIs and secure functionality.API & Backend Engineering: Designed and integrated REST APIs with Node JS/Express, implemented efficient database operations, and worked with automation scripts and bots to extend system capabilities.Performance & Deployment Optimization: Optimized backend processes and worked on uploading MacOS builds to the App Store, gaining experience with certificates, App IDs, and deployment configurations while ensuring smooth releases and consistent code quality.Leverage AI-assisted tools (Copilot, Cursor AI) to accelerate development, improve code quality, and streamline debugging/documentation processes.Team Leadership & Collaboration: Led a team of interns, applied Agile methodologies, conducted code reviews, and managed Git/GitHub workflows to deliver projects effectively and on time.	

Developer Intern

<i>Koders</i>	May 2024 - August 2024 Dehradun, Uttarakhand
<ul style="list-style-type: none">Built responsive UI components with React JS and Tailwind CSS, improving design consistency and application performance.Assisted in API development and database integration with Node and MongoDB, ensuring efficient data flow and reliability.	

Personal Projects

Life-Skillify	lifeskillify.vercel.app
<ul style="list-style-type: none">Built a MERN-based learning platform delivering daily life skill lessons with JWT authentication, role-based access, and real-time dynamic content delivery.Engineered a fully responsive UI with React JS & Tailwind CSS and optimized backend APIs in Express JS & MongoDB for scalability and reliability.	

Place To Stay

place-to-stay.netlify.app
<ul style="list-style-type: none">Created a full-stack accommodation booking platform with React JS, Node JS, Express JS, and MongoDB, supporting CRUD listings, secure bookings, and user reviews.Designed a scalable database schema and implemented real-time booking validation, ensuring smooth multi-user interactions and data consistency.
