EDUCATION

MASTER OF COMPUTER APPLICATIONS (MCA)

Himachal Pradesh University

2023 - 2025

BSC (IT)

Himachal Pradesh University

2020 - 2023

EXPERIENCE

IT Trainer (Software Development)

November 2024 – November 2025

CodeQuotient

Mohali

- Built and delivered end-to-end MERN stack applications for internal use, including user authentication, routing, APIs, and database integrations.
- Mentored interns and learners in building end-to-end MERN projects .
- Conducted live training sessions on Python, Data Analysis, and Web Development (MERN).
- Designed and developed in-house web tools and dashboards.

Python Developer Intern

January 2024 – March 2024

Omninos Technologies

Mohali

- Learned and implemented Python fundamentals, NumPy, Pandas, and Matplotlib for data analysis.
- Built data visualization projects and performed dataset cleaning and manipulation.
- Gained hands-on experience with version control using Git and GitHub.
- Used Jupyter Notebook for exploratory data analysis and project documentation.

PROJECTS

Skillora – Learning Management System | MERN Stack

- * Developed a learning management system with user authentication, quizzes, and course dashboards.
- * Built REST APIs using Express.js + MongoDB, and implemented frontend with React.js + Tailwind CSS.
- * Ensured seamless UX through responsive design and secure role-based routing.

RideShare App | Node.js, Express.js, MongoDB, EJS

- * Created a ride-sharing platform using OpenStreetMap, Leaflet.js, Nominatim API, and OSRM API.
- * Implemented real-time driver-passenger chat using Socket.IO with data persistence in MongoDB.
- * Designed route selection and draggable map markers with live city detection.

Apple Product Sales Insights | Python, Numpy, Pandas

- * Analyzed a dataset of Apple products to identify trends and visualize sales data using Python, pandas, and Plotly.
- * Performed data cleaning and preprocessing, including handling missing values for accurate analysis.
- * Documented analysis steps and findings clearly in a Jupyter Notebook for reproducibility and presentation.

CERTIFICATIONS

- HPKVN (Himachal Pradesh Kaushal Vikas Nigam) Web Development Course.
- Accenture North America Data Analytics and Visualization Job Simulation on Forage.
- Responsive Web Design (freeCodeCamp). .

TECHNICAL SKILLS

Languages: C/C++, Python, JavaScript

Frontend : HTML, CSS, JavaScript, React.js, Tailwind CSS

Backend : Node.js, Express.js, EJS, Socket.IO

Database : MongoDB, Mongoose , SQL

Version Control : Git, GitHub

Data Analysis : NumPy, Pandas, Matplotlib

Developer Tools: Git, PyCharm, Visual Studio, Postman, Jupyter
