Kishan Singh

thatkunaal@gmail.com | +91 9326700297

SUMMARY

Full-stack Software Developer with experience in **ReactJS, Node.js, Python, SQL**, building scalable fintech and web applications. Skilled in **backend data processing**, **frontend UI development**, and **REST API design**, with a track record of delivering high-performance, production-ready solutions. Strong problem-solver with competitive programming accolades and over 900 algorithmic problems solved.

EXPERIENCE

G2 RISK SOLUTIONS | SOFTWARE DEVELOPER
Jul 2024 – Present | Mumbai

- Developed the **frontend UI for an internal AI-powered chatbot** using **ReactJS, TailwindCSS, and REST APIs**, enabling seamless customer support integration.
- Designed and implemented **ETL and backend services** using **Python, Pandas, PySpark, and SQL**, processing 1M+ records daily with 98% accuracy and reducing validation time by 30%.
- Optimized database queries and API integrations for fintech platforms, improving performance by 15% and reducing latency.
- Collaborated with cross-functional teams to deploy scalable, production-ready solutions, ensuring high availability and maintainability.

QUALITY KIOSK TECHNOLOGIES | FULL STACK DEVELOPER INTERN
Jun 2023 – Feb 2024 | Mumbai

- Built a high-performance **Node.js/Express backend** serving thousands of API requests monthly with **JWT authentication**.
- Developed a responsive **ReactJS dashboard** for complex JSON data visualization, improving analysis efficiency .
- Added CSV export and data validation features, handling datasets .

PROJECTS

DEVTINDER | FULL STACK APP | REACT, NODE.JS, EXPRESS, MONGODB, REDUX, SOCKET.IO, RAZORPAY

- Built a Tinder-style platform for developers with **microservices architecture**: scalable backend APIs and responsive frontend UI.
- Implemented **real-time chat** (Socket.io), **secure payments** (Razorpay), and automated daily notifications (Cron jobs).

MOVIEHUB | REACT, EXPRESS, MONGODB

- Developed a ReactJS SPA for movie exploration with **Express backend** and **MongoDB** database.
- Implemented trending displays, user favoriting, and advanced search by title and genre.
- Maintained responsive design ensuring seamless access across devices.

EDUCATION

TERNA ENGINEERING COLLEGE
B.TECH IN COMPUTER SCIENCE
CGPA: 8.81/10

SKILLS

FRONTEND
React.js, Redux, Zustand, TypeScript, Tailwind CSS, Material UI

BACKEND
Node.js, Express.js, Python, Pandas, PySpark, Java

DATABASES
MongoDB, SQL, Redis

CLOUD & TOOLS
AWS, Git, Postman, Microsoft Excel

OTHER SKILLS
REST APIs, Microservices, Data Engineering Basics, CI/CD (GitHub Actions), Data Cleaning, ETL

ACHIEVEMENTS

- Global Rank **8** in CodeChef January Long Challenge
- All India Rank **486** in CodeChef Starters 17
- Solved **900+** algorithmic problems across platforms
